RENEWAL  
PHILANTHROPY

## JOIN US

You will be a part of a network of like-minded philanthropists and nonprofits who are focused on survivor-driven change, which solves issues of injustice and oppression through the leadership of those who have personally survived that injustice.

---

## OUR GOAL

Our goal is to accelerate and amplify the effectiveness of partner non-profits by at least 25%. We expect to equip 20,000 survivors with the tools they need to lift others out of injustice in the next 15 years.

---

## WHAT MAKES US UNIQUE

- We believe that survivors, not just charities alone, are the heroes.
  - We commit to survivors for the long term, all the way from childhood to independence, because lasting change takes patience.
  - We are motivated to improve our effectiveness through strategic philanthropic collaboration.
- 

## WHY WE ARE TAKING ACTION NOW

Every day we wait, we leave a child in an unjust situation, and we lose the potential of a survivor to be a solution for others.

## JOIN US AND UNLOCK THE POWER OF 20,000 SURVIVORS

---

To reach 20,000 children, we are seeking 136 people and organizations that are willing to commit at a minimum \$50,000 annually for the next 15 years. Together, we can combat injustice and have real impact around the world.
